

Great Torrington Bowling Club Historical Notes

Prior to the year 1645

The area of Common land in Torrington part of which is known as the Old Bowling Green must have been used for many years. Various decrees were issued by several Monarchs to the effect that, - 'all ball games should be prohibited and only Archery should be practiced'. This was to ensure that there was a ready supply of young able-bodied yeoman who could be called upon when the King waged war.

During Tudor times if any nobleman wanted to create a private bowling green, he was required to pay a levy of £100 to the King. A private green can still be seen at Dartington Hall in South Devon. King Charles the First was a keen bowler and gambled large sums of money on who could get closest to the jack. In fact, he was allowed to create a green at Carisbrooke Castle on the Isle of Wight during detention, prior to his execution.

Year 1645

The Castle Green was undoubtedly in existence in 1645, as in a paper entitled "FAIRFAX IN THE WEST" published in Vol. XIII, page 169 of The Transactions of the Devonshire Association, the Author, Mr P. Q. Karkee, states that – "the Price's Guard were in the Castle Green" at the time of the engagement, at Great Torrington, between the Royalists and the Roundheads, on February 16th, 1646.

Year 1654

The Game of Bowls was being played at Torrington in 1654, as John Howe, who was at that time a Minister in the town (and later Cromwell's Chaplain at Whitehall), in a Sermon on "Thoughtfulness for the Future", alludes to the game as follows:- "and as men (in bodily exercise) when the bowl in out of their hands writhe and distort their bodies, as if they could govern its motion by those odd and ridiculous motions of theirs; so are we apt to distort our minds into uncouth shapes and postures, to as little purpose, more pernicious, and upon a true account not less ridiculous."

Year 1717

The Castle Green was laid out for recreation and the Summer house was built for THREE POUNDS SEVEN SHILLINGS AND FOUR PENCE (£3.7.4d) in the Castle Green. (*Could be the present-day Gazebo*)

Year 1741

Mr John Squires was paid 5 shillings for laying turf on the bowling green.

Year 1837

This year Lord John Rolle of Stevenston granted a 21-year lease of the Castle Green to the Great Torrington Town Council – "specifically for the purpose of a bowling green" – at a rent of two shillings and six pence per quarter. (*We have a copy of the lease in the club records and the club website.*)

Great Torrington Bowling Club Historical Notes

Year 1883

Bailey of the Castle – now known as Barley Grove – conveyed to the Town Council. It refers to the Bowling Green as already held by the Council. Assuming the lease of 1837 ran until 1862, sometime between 1862 and 1883 the Green was conveyed by either purchase or gift to the Town Council.

Year 1887

The oldest minutes of the Great Torrington Bowling Club which we possess begin to give a picture of life in the Town at the end of the last century.

It was recorded that the Club President was Mr G. Fisher, and the Secretary was Mr J.D. Copp. The club was invited to send a team to Plymouth for the Tercentenary celebrations of the Armada. A Newspaper article written on the 21st of August stated: The Annual Dinner took place on Wednesday in a large tent erected on the Castle Bowling green, Great Torrington. About 50 members sat down. The Mayor (Mr Ashplant) occupied the chair, and there were also present Messrs Duncan, Vincent, Pike, J.H. Penhale, F. Trapnell, and Ascott from Bideford; Messrs T. Ford, H. Slee, John Jackson, S. Jackson, James Jackson, R. Jackson, H. Blatchford, C. Doe, Routcliff, J. Adams, S.G. Tapley, W.P. Ashton, Short, W. May, H.H. Pidgeon, Dr J.D. Jones, and C. Mallett. After dinner various toasts were given, and at the conclusion bowling was indulged in, there being a large number of players.

Year 1888

The club officials elected for this year were:
President Mr G. Fisher, and Secretary Mr H. Bangham.

The Club played against the Old Leeds Club to celebrate the 300th anniversary of the Armada. The Club wrote to the Leeds Club regarding the match at Plymouth insisting that they would only play with a 'non-biased jack'. Crown Green bowlers still play with a biased jack much larger than the one we play with today. The smaller jack appears to have been introduced around 1907. Lawn Tennis Jackets and white trousers were suggested for the match but subsequently the Plymouth Celebration Committee provided costumes.

Nine players were selected and these and together with the names of the markers can be seen engraved on the 1888 cup. (*see photo below*)

A newspaper article dated the 23rd of July stated; The annual dinner in connection with the Great Torrington Bowling Club was held in a spacious tent erected on the bowling green on Thursday afternoon. There was a numerous attendance, including many visitors from Bideford. Mr J. Jackson (Captain) occupied the chair. The usual loyal and patriotic toasts being duly honoured, the Chairman read letters of regret at inability to attend from Mr J. Moore-Stevens, (who was to have presided) and others. "Success to the Bideford and Leeds Bowling Clubs" was given from the chair. Messrs Vincent and Todd suitably responded. Mr Duncan proposed "Success and Prosperity to the Torrington Bowling Club," and expressed his sorrow at not meeting the President (Mr G. Fisher)

who was absent owing to indisposition. He hoped Mr Fisher would speedily recover – (hear, hear). Mr Alderman Slee, in responding, thanked Mr Duncan on behalf of Mr Fisher, and spoke of the awakening of the club since this time last year, when the Armada Tricentenary celebration gave quite a fillip to the association. The Chairman next referred to the handsome silver flagon presented to the Torrington club by the committee of the Armada Tricentenary Celebration at Plymouth and read the inscription. This was the first time they had had the honour of placing the cup on their annual festival board; and it was passed round filled with wine as a “loving cup”. Mr G.M. Doe gave “The Visitors”, coupling with the toast the names of Mr Giddie, Mr Ascott, and Mr Merefield. Mr J.D. Bastard, in proposing the Hon. Sec. Mr H. Bangham, referred to the excellent manner in which he had performed his arduous duties. Mr H. Bangham suitably responded. “The Chairman” proposed by Mr Duncan and drunk with enthusiasm, concluded the toast list. The company then adjourned to the green, where the remainder of the day was spent in friendly games of bowls.

Year 1889

The club officials elected for this year were:
President Mr G. Fisher, and Secretary Mr H. Bangham.

In May of that year the sets game was played – first to seven shots, proving that the present scoring system seen on televised World Indoor Championships is not a new format.

The silver cup was given to the President Mr G. Fisher for safekeeping and Mr I. Slee was asked to make a stand and box in which to keep the Cup. There is no record of payment to Mr Slee for making the same and it would appear that it is not done.

NOTE: in 1991 we have finally had a mahogany plinth made, which not sets off the silver cup in all of its splendour.

Year 1890

The club officials elected for this year were:
President Mr J. Adams, and Secretary Mr H. Bangham.

This year saw the club’s first match with Barnstaple at Torrington and Torrington won by 66 points.

Year 1891

The club officials elected for this year were:
President Mr J. Jackson, and Secretary Mr H. Bangham.

Year 1892

The club officials elected for this year were:
President Mr J. Jackson, and Secretary Mr H. Bangham.

The greenkeeper was instructed to roll the green three times and cut it twice a week. He was paid £11 for 22 weeks work during the season.

There were 10 Honorary and 75 Members. The Annual Subscription was five shillings. (*this was equivalent to a week’s wage*)
